Direct Factory Supply
Carbon and stainless steel fasteners supplied directly from our manufacturing network in China.

Quality & Documentation
We provide material, grade, finish and inspection details on request, giving you the information you need to buy with confidence.

OEM & Private Label
We support OEM and private-label supply with neutral packaging, customer branding and barcode options to suit the way you sell.

Custom & Non-Standard
We manufacture custom and made-to-drawing fasteners to your specifications, including your required materials, dimensions and finishes.
